

US companies with UK clients and/or EU clients will need to review import tonnage and split between UK and EU27/EEA to check if substances need to be registered under UK REACH and/or EU REACH. Any substance imported into the territory above 1 tonne must be registered via an Only Representative (OR) established in that territory. CSI has offices located in Edinburgh, Scotland for UK REACH and Dublin, Ireland for EU REACH.

Deadline post 28 October 2021	Tonnage	Hazardous Property
2 years from 28 October 2023	1,000 tonnes or more per year	<ul style="list-style-type: none"> <li>• Carcinogenic, mutagenic or toxic for reproductions (CMRs) (1 tonne or more per year)</li> <li>• Very toxic to aquatic organisms (acute or chronic) (100 tonnes or more per year)</li> <li>• Candidate list substances (as of 31 December 2020)</li> </ul>
